

Parent/Teacher Organization

Parents can become very active in our school through the Parent/Teacher Organization. Meetings are held once a month. Notice of meetings can be found in the monthly school newsletter. Volunteers are needed in a number of different capacities. The PTO holds various fundraisers that provide a variety of special activities for our students. Please get involved! Through fundraising efforts and the Scholastic Book Fair, the PTO supports students with funds for projects and special activities. All families are invited to be active participants at our school. We look forward to working with you!
