

## Read 180

READ 180 Next Generation is a program we offer to our fifth grade students here at Snacks Crossing. *This program* is designed to meet students where they are and accelerate them to grade-level text, which is why each Stage of *READ 180* offers a range of text that can grow with students over time. During our Read 180 daily instruction each student will have whole and small group instruction, modeled and independent Reading and participate in software rotation in our computer lab.

***READ 180* has been proven to:**

- Improve performance on state test results
- Improve reading achievement for African-American, Native-American, and Latino students
  - Improve reading achievement for English language learners
- Improve reading achievement for students who receive special education services
