## **Foreword**

This Student Handbook was developed to answer many of the commonly asked questions that you and your parents may have during the school year and to provide specific information about certain Board policies and guidelines. Please take time to become familiar with the following important information contained in this Handbook and keep the Handbook available for frequent reference by you and your parents. If you have any questions that are not addressed in the Handbook, you are encouraged to talk to the principal. This Handbook replaces all prior handbooks and other written material on the same subjects. This Handbook does not equate to an irrevocable contractual commitment to the student, but only reflects the current status of the Board's policies and the School's rules as of July, 2018 the language in the most current policy or administrative guideline prevails. Copies of current Board policies are available on the District's web site.

## **Belief Statement**

In order to promote the learning process, we, the educators of Pike High School, have identified this set of beliefs to assist us through periods of change. We do not intend these belief statements to be immutable, but rather agree that they serve as guideposts toward achieving the goals of our mission statement.

We believe that teaching and learning are elements of a collaborative process, and that this process, to be highly effective, an educational partnership must exist among students, their parents, teachers, administrators, and the school community. We further believe that each component in this partnership has certain responsibilities which, when carried out, will promote success for the learners. However, the primary focus of this document is to identify what we believe to be the attributes and responsibilities of teachers.

Teachers are professionals, and as professionals, the attainment of educational goals is our purpose. To accomplish our purposes, we are lifelong learners of our disciplines and of the art of teaching. Teachers, therefore, possess both knowledge and the ability to communicate that knowledge. We also serve as positive role models for our student. We are the critical educational decision-makers in our classrooms and are vital to the fulfillment of the intellectual, physical, and emotional needs of our students.

Purpose, planning, preparation and patience are fundamental to our success as professionals. They are the foundation of a positive classroom environment for learning.

In addition, teachers maintain school standards, espouse high expectations of student performance, and continually seek alternative strategies and techniques to help students achieve in our classrooms.

In short, our school must be student-focused, teacher-driven, and parent-supported. With all the components of the educational partnership in place and operating in concert, our students will have every opportunity to succeed.

## **We Believe...**

In setting high expectations for all students

That all students should embrace the richness of diversity in school and community

In developing life-long learners through self-discipline and personal responsibility

That building relationships is essential to the learning process

All students will have the opportunity to be involved in extracurricular activities

In open lines of communication between students, staff and parents

In providing a safe, controlled, orderly environment

That parental involvement is critical to a student's success

That every individual in the MSD of Pike Township should be treated with courtesy, respect and decency

Modeling and reinforcing Life Skills (honesty, respect, dignity, honor, etc.) is an integral part of education.

### Human Dignity

The Metropolitan School District of Pike Township has a diverse, multicultural school community; a fact the Board of Education considers an asset and a source of pride and enrichment. This diversity, however, underscores the importance of sensitivity to the backgrounds, feelings, and concerns of students and community members and of meeting the moral imperative of an equal opportunity society free of prejudice and discrimination.

The Metropolitan School District of Pike Township believes it is part of our mission to provide a positive, orderly and harmonious environment in which respect for the dignity and worth of every member of the school community is recognized and promoted. The Board of Education believes that all employees, parents/guardians and students are entitled to be treated and are obligated to treat others with courtesy, fairness and decency. Only through the commitment and ongoing attention of each of us to provide a safe, caring and supportive atmosphere can we expect to achieve our objective of enabling all of our students to achieve their maximum potential as students, citizens and productive members of society.

Accordingly, in this school district, statements or behavior by any member of the school community which insult, degrade, harass, or stereotype any other person on the basis of race/color, sex/gender, disability, physical condition, socioeconomic background, ethnic or national origin, or religion, are unacceptable.

**Safe Schools**

The Metropolitan School District of Pike Township believes that the safety and security of students and staff is a major priority. Safe schools require a collaborative effort of the Board of Education, administrators, teachers, students, parents and the community. A variety of prevention and intervention strategies, programs and activities must be in place to ensure students’ and staff welfare.

Physical aggression, hostile behavior, intimidating acts of harassment, extortion, violent behavior, possession of weapons or gang activity will not be tolerated. Anyone who demonstrates such behavior will be held accountable for his/her actions in accordance with the Student Discipline Code, Employee Discipline Code, up to and including discharge, and Indiana and Federal regulations.

**The M. S. D. of Pike Township believes that:**

1. The school district should provide the resources necessary to maintain safe schools.
2. Each school’s safety and security plan, with stipulated procedures to be followed, will enhance the feeling of well-being at each school site.
3. Various safety and security measures should be implemented, including intervention and police security, as necessary.
4. Administrators, teachers, and support staff are the individuals responsible for appropriately supervising, monitoring and assisting students.
5. Parents’ presence in schools, as visitors or volunteers, on a regular basis, enhances school safety and security. The Superintendent shall establish procedures to be followed regarding implementation of school safety and security measures.

The Response to Instruction (RTI) process is a multi-step approach to providing services and interventions to students who struggle with learning at increasing levels of intensity. The progress students make at each stage of intervention is closely monitored. Results of this monitoring are used to make decisions about the need for further research-based instruction and/or intervention in general education, in special education or both.

### **General Information**

#### **Admission/Placement of Students**

To attend school in the M. S. D. of Pike Township students must live in the **District** (have legal settlement as defined in Indiana Statue). The building principal should be contacted for information regarding enrollment and legal settlement. A student, whose previous educational experience has been outside the district, will be placed based on the level where he/she will likely learn most effectively.

#### **Change of Address**

If a student changes his/her address, the new address should be promptly reported to the registrar.

#### **Announcements**

The Pledge of Allegiance followed by a moment of silence and the announcements are broadcast via the school-wide intra-communication during the week. School events and other important information are disseminated through these announcements.

In addition a scrolling "Daily Bulletin" is continuously presented on television monitors located throughout the building.

#### **Book Rental System**

The rental of textbooks is a service provided by the school so that all students may obtain their books at a reasonable cost. The rental fee for each book is determined by prorating its cost over a four-year period. Parents will be invoiced by mail approximately 3 weeks after school starts. Every effort should be made to pay the full rental fee upon receiving the invoice. Parents/guardians may complete an application for Federal assistance which covers the expense of textbooks. Consumable fees are still to be paid by the parent/guardian.

#### **Community Use of Building**

The school building is the center of community activities, but arrangements for use of the building for purposes other than school activities must be made with the Facilities Director.

It is generally understood that any school activity must be given preference; therefore, the use of the building should also be cleared through the office of the principal. Groups not connected to Pike Township schools or Pike Township school personnel may be denied use of the building.

#### **Field Trips**

Field trips properly planned and executed can complement classrooms or club activities. Students must turn in permission slips signed by their parents before they are permitted to leave the building.

Usually bus transportation is provided, and the rules for conduct on the bus apply as always.

Occasionally faculty or parents may provide transportation, but students are not permitted to drive.

#### **Information Center/Media Center**

The Information Center is available to students and teachers throughout the school day. The Information Center provides references and resource materials for school subjects and assignments and for general and recreational reading.

Books may be withdrawn for a period of three weeks. Renewal privilege depends upon demand for materials. Reference books may be withdrawn the last period of the day and must be returned before the first period the following morning. Magazines and vertical file material may be checked out for two weeks.

Audio-visual materials, including filmstrips, records, tapes, cassettes, etc. are housed in the Information Center. These are available to be used by students and may be checked out overnight. Students may come to the Information Center in class groups or on an individual basis.

If a student comes to the Information Center individually, the student must have a pass for his/her classroom teacher, and he/she is expected to remain the entire period unless otherwise directed. The Information Center is open from 7:00 a.m. until 3:00 p.m., Monday through Thursday, 7:00 a.m. until 2:30 p.m., Friday.

## **Non-Custodial Parent Rights Policy**

When parents of a student are estranged, separated, or divorced, unless restricted or prohibited by a court order, both parents shall have the following rights:

1. View the child's school records
2. Receive school progress reports
3. Visit the child at school
4. Participate in Parent-Student-Teacher Conferences
5. Accompany the child on field trips
  
6. Upon request, the school shall provide announcements, notices, and newsletters to both custodial and non-custodial parents. The parent with whom the student resides is known as the educational custodial parent, unless a legal document of signed parental agreement indicates otherwise. While both parents can visit the student at school, only the custodial parent has the right to remove the child from school property.

Written permission has to be given by the custodial parent to the school, allowing removal of the child by another person. In the event the non-custodial parent requests to remove the child from school property without prior permission, the principal or office staff will verify the request to remove the child with the custodial parent.

If permission cannot be obtained, the school will not release the child to the non-custodial parent.

Unless restricted or prohibited by court order, both parents may request to receive copies of student report cards, and they may attend Parent-Student-Teacher Conference together. Separate conferences may be held in special circumstances.

It is the responsibility of the custodial parent, to provide to the school, current and accurate information about the custodial status of the child. Efforts should be made to keep the school informed as soon as possible about any changes in custody and about all revisions or new court orders that are relevant to this matter.

## **Right to Inspect Teaching Materials/Survey Participation**

IC 20-30-5-17 requires that a school corporation shall make available for inspection, by the parents or guardians of a student, any instructional materials, including:

- (1) Teachers' manuals;
- (2) Student texts;
- (3) Films or other video materials;
- (4) Tapes;
- (5) Other materials used in connection with a personal analysis, an evaluation, or a survey described in subsection (b).  
A student shall not be required to participate in a personal analysis, an evaluation, or a survey that is not directly related to academic instruction and that reveals or attempts to affect the student's attitudes, habits, traits, opinions, beliefs, or feelings concerning:
  - (1) Political affiliations;
  - (2) Religious beliefs or practices;
  - (3) Mental or psychological conditions that may embarrass the student or the student's family;
  - (4) Sexual behavior or attitudes;
  - (5) Illegal, antisocial, self-incriminating, or demeaning behavior;
  - (6) Critical appraisals of other individuals with whom the student has a close family relationship;

  - (8) Income (except as required by law to determine eligibility for participation in a program or for receiving financial assistance under a program); without the prior consent of the student (if the student is an adult or emancipated minor) or the prior written consent of the student's parents (if the student is an un-emancipated minor).  
A parental consent form for such a personal, analysis, evaluation, or survey shall accurately reflect the contents and nature of the personal analysis, evaluation or survey.

## **Visitors**

The Board welcomes the active interest of parents and citizens in the public schools, and invites the community to visit at any time. However, since schools are a place of work and learning and must be secure, certain limits must be set for visits. Visitors who violate the school visitation policy will be asked to leave the building. This action may result in future visitations to be denied by the building principal/designee. The building principal is responsible for all persons in the building and on the grounds. For these reasons, the following policy applies to visitors to the school:

- Anyone who is not a regular staff member or student of the school will be termed a “visitor”.
- Any visitor to the school must report to the office of the principal upon arrival at the school.
- If going to another part of the school other than the office, all guests are required to sign in by providing a valid ID (driver’s license) and being processed through the school’s Lobby Guard System.
- Parents or citizens who wish to observe a classroom while school is in session are expected to arrange such visits 48 hours in advance with the principal’s office.
- Teachers will not be expected to take class time to discuss individual matters with visitors.
- The principal has final authority on permitting/approving school/classroom visitations.
- Delivery of personal items including but not limited to money; clothing; books; fast food/carry out orders will not be permitted. The visitor delivering the item(s) will be asked to wait for the student to report to the office to collect the items(s).

## **Parental Conferences**

The academic success of a student is shared by students, parents/guardian, and the school. Staff is encouraged to hold conferences with students and parents whenever it appears useful and appropriate since teachers are responsible for student groups throughout the day. It is best to pre-arrange conferences by calling the school. There are formal parent/teacher conferences scheduled for September, January, and May. E-mail can also be used effectively to communicate with your child’s teacher(s).

## **American Disabilities Act (504)**

The American’s with Disabilities Act (A.D.A.) and Section 504 of the Rehabilitation Act prohibit discrimination against persons with a disability in any program receiving Federal financial assistance. This protection applies not just to students, but all individuals who have access to the Corporation’s programs and facilities.

The law defines a person with a disability as anyone who:

- A. has a mental or physical impairment that substantially limits one or more major life activities;
- B. has a record of such an impairment; or
- C. is regarded as having such impairment.

The Corporation has specific responsibilities under these two laws, which include identifying, reviewing and, if the child is determined to be eligible, affording access to appropriate education accommodation.

Students are entitled to a free appropriate public education in the “least restrictive environment.” The School provides a variety of special education programs for students identified as having a disability as defined by the individuals with Disabilities Education Act (IDEA).

## **Exceptional Learners (Special Education)**

A student can access special education services only through the proper evaluation and placement procedure. Parent involvement in this procedure is required. More importantly, the School encourages the parent to be an active participant. To inquire about the procedure, a parent should contact the principal at their respective school.

Students with disabilities who do not qualify for IDEA may be served within the regular education program with an accommodation plan developed through an interactive dialogue between the School, the student, and the student’s parent(s). Parents, who believe their child may have a disability that interferes substantially with the child’s ability to function properly in School, should contact the principal at their respective school.

## **Parent Liability**

Under Indiana law, parents can be held liable for up to five thousand dollars (\$5,000) in actual damages arising from harm to a person or damage to property knowingly, intentionally, or recklessly caused by the parent’s child if: (i) the parent has custody of the child; and (ii) the child is living with the parent.

Also, parents can be held liable for actual damages arising from harm to a person or property caused by the child while participating in criminal gang activity if the parent’s child is a member of a criminal gang and the parents actively encourage or knowingly benefit from the child’s involvement in the criminal gang.

## Student Information

### Academic Awards Program

The highlight of the school's awards system includes the Top 30 Seniors reception and the Annual Senior Awards Program. Outstanding students in a wide variety of areas are honored at these times. Many of these awards are made possible through local businesses, the various departments within the school, interested individuals and organizations, and local, state and national academic contests.

### APEX (Awarding Pike Excellence)

APEX is a consortium of teachers, parents, and community leaders and organizations whose focus is directed to the recognition and reward of student excellence. APEX rewards Pike students for excellence in academics, attendance, citizenship, and good behavior.

### Classification of Students

Students are classified by the number of semesters attended and the number of credits earned. Minimum credits necessary for classification are as follows:

Sophomores	12 credits
Juniors	24 credits
Seniors	34 credits

Student classification assignments are made at the start of each school year.

### Alternative Academic Program Placement

For various reasons, students may be placed in an Alternative Academic Placement. The Principal has the final determination of the placement of students in the Traditional Academic Program or the Alternative Academic Program.

### Commencement Exercises

To be eligible to participate in graduation ceremonies, students must have met all Pike High School graduation requirements, all financial obligations, and must be students in good standing.

### Core 40

Each year, ninth grade students will work with their parents and guidance counselors to create a career and course plan. The plan will direct the students toward achievement of life goals beyond high school. By defining requirements for success in future education and work, the **Indiana Core 40** guides this planning process.

Incompletes must be made up within two weeks after the close of the grading period. Any incomplete not so resolved automatically becomes an “F.” WD will be recorded for a student who withdraws from a class either (1) after the first two weeks of the semester, (2) because of a medical reason or (3) who transfers to another school. WF is issued to a student who withdraws from a class but does not fit one of the three categories for a WD. **Report cards** will be withheld if students owe any fees, fines, or have failed to fulfill all obligations.

The below requirements meet those required by the State Department of Public Instruction and the Metropolitan School District of Pike Township. The required credits must include two majors (six credits in a subject field) and two minors (four credits in a subject field). All courses are one credit. A student transferring to, and wishing to graduate from, Pike High School must have successfully completed a minimum of four full-credits, one-semester courses. A student leaving, but wishing to graduate from, Pike High School may transfer back a maximum of three credits to complete graduation requirements. Seniors who withdraw from Pike High School forfeit the privilege of participating in the Pike High School graduation commencement.

### **Honor Roll**

- The requirement for Honor Roll is a 3.0 – 3.999 average during one semester with no “D’s or F’s” for a semester grade.
- The 4.0 Honor Roll requirements are a GPA of 4.0 or higher during one semester with no “D’s or F’s” for a semester grade.
- An Academic Letter is awarded to students with a cumulative GPA of 3.5 or better after the 3<sup>rd</sup>, 5<sup>th</sup> and/or 7<sup>th</sup> semesters. Seniors earning a semester GPA of 3.5, or better during the 7<sup>th</sup> semester will also receive an Academic Letter.
- The Academic Honors Diploma will be awarded to qualified students. If you feel that you qualify for the Academic Honors Diploma, please contact your counselor.
- Opportunities for early graduation should be discussed with the parent and school counselor.

### **Honors Program/International Baccalaureate Diploma**

In February, 2004, Pike High School was approved to offer the International Baccalaureate (IB) diploma. Schools must be authorized by the International Baccalaureate Organization to award the diploma based on several criteria. The IB diploma is globally recognized for its comprehensive curricula and challenging assessments. Beyond intellectual rigor and high academic standards, strong emphasis is placed on the ideals of international understanding and responsible citizenship. Many college and universities recognize this as the most rigorous preparatory program for post-secondary courses. Students must begin the IB program by completing courses in PHS Honors Program during their freshman and sophomore years. Students will be admitted to the IB program during their junior year of study after they have successfully completed the preparatory classes.

Interested students and parents should contact Danielle Vohland, IB Coordinator, or the Guidance Office for additional information.

### **National Honor Society**

Membership in the National Honor Society is one of the highest honors a Pike student can achieve. To be eligible for selection to the National Honor Society, students must have a minimum cumulative grade point average of 3.5 at the end of the first semester of their junior or senior year. Application information is sent to each qualifying candidate notifying them of their scholastic eligibility.

Questions about the operation of our chapter should be directed to the chapter advisor.

For further consideration and selection to the National Honor Society Chapter, candidates must:

1. Complete a student Activity Information Form;
2. Be evaluated by faculty assessment of their character, leadership, and service; and
3. Be selected by a majority vote of a five-member faculty council.

Students selected to become members of the National Honor Society are invited to attend an official induction ceremony held in the Performing Arts Center.

### **Human Sexuality and HIV Prevention Education Policy**

The MSD of Pike Township actively endorses the axiom of “Education for Life”. However, the opportunities for education for life can be quickly eliminated through premature involvement in sexual activity. Such behavior increases the risk of unplanned pregnancy, as well as infection with sexually transmitted diseases, including HIV, the virus that causes AIDS.

In light of these serious threats to the present and future well-being of our students and to current patterns of sexual activity among young people, it is imperative that clear policy be established regarding the education of students about the risks of premature sexual activity. This policy must be based on what is in the best interest of the individual students, school system, and community as a whole.

As a school system, our goal must be to prepare our students to make informed, responsible life decisions regarding their sexuality, as well as in other areas of their lives. We recognize that our efforts must address these three distinct groups of students:

1. Those students not yet sexually active-We will provide the support and life skills for students to continue to abstain from premature sexual behavior.
2. Those who are active, but do not yet have any physical or visible consequences-We will provide the support and life skills for students to avoid future negative consequences.
3. Those who are active and have physical or visible consequences from their actions-We will provide support and life skills for students to begin to abstain, and to minimize possible negative consequences of their actions.

Therefore, the educational program in MSD of Pike Township will:

- a. Be in accordance with state law which governs these areas, pursuant to Indiana Codes: I.C. 20-34-1-1 et seq. and I.C. 20-30-5-12 through 15.
- b. Is medically current, accurate and true.
- c. Be taught in age-appropriate manners in all grades, K-12, with emphasis on middle and secondary levels.
- d. Build both skills and knowledge in sequential order. All programs and materials will be developmentally appropriate.
- e. Be integrated into a comprehensive health education program.
- f. Involve instruction over multiple sessions.
- g. Utilize peer education and outside programs when appropriate.
- h. Establishes abstinence as the expected standard and stresses the benefits of abstinence from premature sexual activity.
- i. Equip students with skills to be able to choose abstinence even in the midst of conflicting cultural messages.
- j. Discuss the consequences of premature sexual activity at an age appropriate level.
- k. Involve parents and family by offering information on how to address these issues with their child.
- l. Provide for ample opportunities for parents to review curriculum and materials related to this program.
- m. Is reviewed annually to update information and review effectiveness.
- n. Will allow the opportunity for parents to excuse their child/children from instruction in these areas without penalty or stigma.
- o. Provide teachers with adequate training and educational resources in related subject matter.

As part of Indiana Code and the Indiana Academic Standards, MSD Pike Township provides Health Curriculum that address human growth and development.

Human Sexuality instruction in Grades 9-12 is provided through various Health, Science, and FACS courses as described in the Academic Planner.

As required through Senate Enrollment Act 65, PL 154, materials are available for inspection to the parent/guardian. Parents/guardians who desire to opt their child out of instruction may do so by contacting the school principal or declining instruction when written request for consent is provided at least 21 days prior to instruction.

### **End of Course Assessment (ECA)/ISTEP**

Students must pass the 10<sup>th</sup> Grade ISTEP EXAM in addition to the course requirements for all diploma types. Students who do not pass ISTEP+ in 10<sup>th</sup> grade have an opportunity to retake in 11<sup>th</sup> and 12<sup>th</sup> grade.

### **Permanent Record**

A permanent record is kept for each student at Pike High School. It includes subjects taken, grades received, honors, attendance, class rank and standardized test scores for each student during his/her high school career.

This record becomes very important to students because copies of the record are often requested by employers and other institutions after the student has graduated.

Colleges and other training institutions always require a copy of the cumulative record. A parent, or student if over 18, must sign a release form to send records to other institutions.

### **Purchase of Physical Education Uniform**

The cost of a P.E. uniform is \$20.00. This fee will be collected before a uniform will be issued. A P.E. uniform from a Pike middle school may be worn instead of the Pike High School uniform.

### **Post-Secondary Student Enrollment Program**

Students in grades 11 and/or 12 may be eligible for enrollment in courses offered by accredited public or private Indiana colleges or universities that grant a baccalaureate or associate's degree. For more information, see your counselor.

### **Retaking a Class**

## **ACADEMIC RENEWAL POLICY**

### **Repeating Courses with Grades in the Range of C and below to F:**

The grade range of C- and below, when incorporated into the retake and grade forgiveness policy, allows for a student wanting to achieve an Indiana Academic Honors Diploma to retake a course at the same level of difficulty.

A student must retake any failed course specifically required for graduation.

A course may be made up during the regular school year, credit retrieval, summer school, accredited on-line opportunities, and high school pre-approved programs. However, all of these options do require the appropriate counselor's approval before the retake course enrollment occurs. See your counselor for official retake information. When a student retakes a course with a grade of C- and below, the grade will replace the earlier grade and the original grade WILL NOT count as an attempt for credit on the student's transcript or in the GPA calculation. The earlier grade will be forgiven and will be marked with a NC for no credit.

### **IMPORTANT FOR POTENTIAL TOP 30 STUDENTS:**

**Any students who want to be considered for qualification into the Top 30 category of academic achievement must never have utilized any of the retake and grade forgiveness options concerning courses taken as a first attempt in grades 9-12. There will be no application of the academic renewal policy toward their GPAs and official transcripts. Retaking a class from a Pike Middle School will be allowed.**

### **IMPORTANT FOR INCOMING MIDDLE SCHOOL STUDENTS:**

### **HIGH SCHOOL CREDITS EARNED IN MIDDLE SCHOOL**

Middle school students who take high school courses in their middle schools (such as Geometry, Algebra I or Spanish I) will receive high school credits and grades for these courses if they successfully complete the course. These grades and credits from middle schools will be posted to the student's PHS official high school transcript and will be used to calculate high school grade point average (GPA) and class rank.

In the event a student is not satisfied with the grade earned in middle school, the entire year of the course must be repeated and must be completed before continuing to the next level course. The grades of the repeated class will replace the grades earned in middle school and the GPA will be calculated using the new grades. In light of the current competitiveness of college entrance requirements, it is HIGHLY recommended that the middle school student repeat the course if the student receives below a B in middle school. Scheduling to repeat a course from middle school will not occur automatically based on the above recommendation. It is the student/parent choice to repeat the course and is imperative that the counselor be informed of the choice.

### **Rank in Class/Weighted Grades**

A student's rank in class is important; it is essential that each student achieve to the best of his/her capabilities. Rank is determined by figuring cumulative averages for each student and then placing them in order with the highest first.

GPA is figured on the bases of the classes taken beginning with the freshman year. In case of a tie, the students will be listed numerically the same and the appropriate numbers following will be eliminated. The average is figured by awarding grade point values on the following basis:

A+	4.0	B+	3.333	C+	2.333	D+	1.333	F. WF 0
A	4.0	B	3.0	C	2.0	D	1.0	I
A-	3.667	B-	2.667	C-	1.667	D-	.667	WD

Pike High School uses a weighted grading system. Classes will be categorized within three levels:

**Level 1** – Regular classes that will not receive extra weight.

**Level 2** – AP (Advanced Placement) courses with a national Certification Test or standard.

**Level 3** – Honors classes and other highly challenging classes.

**A table of the grade weights is shown below:**

<b>GRADE</b>	<b>LEVEL 1</b>	<b>LEVEL 2</b>	<b>LEVEL 3</b>
<b>WEIGHT</b>	<b>(REGULAR x 1.0)</b>	<b>(AP x 1.25)</b>	<b>(HONORS, etc. x 1.20)</b>
<b>A+</b>	<b>4</b>	<b>5</b>	<b>4.8</b>
<b>A</b>	<b>4</b>	<b>5</b>	<b>4.8</b>
<b>A-</b>	<b>3.667</b>	<b>4.5838</b>	<b>4.4004</b>
<b>B+</b>	<b>3.333</b>	<b>4.1663</b>	<b>3.9996</b>
<b>B</b>	<b>3</b>	<b>3.75</b>	<b>3.6</b>
<b>B-</b>	<b>2.667</b>	<b>3.3338</b>	<b>3.2004</b>
<b>C+</b>	<b>2.333</b>	<b>2.9163</b>	<b>2.7996</b>
<b>C</b>	<b>2</b>	<b>2.5</b>	<b>2.4</b>
<b>C-</b>	<b>1.667</b>	<b>2.0838</b>	<b>2.0004</b>
<b>D+</b>	<b>1.333</b>	<b>1.6663</b>	<b>1.5996</b>
<b>D</b>	<b>1</b>	<b>1.25</b>	<b>1.2</b>
<b>D-</b>	<b>0.667</b>	<b>0.8338</b>	<b>0.8004</b>

Whole-credit subjects receive the full point value as given above. The total number of honor points is divided by the total number of attempts. A failing grade counts as an attempt.

Students enrolled at Pike High School by the end of their Junior year are eligible for consideration for the Top 303. Final determination of the top 25 Senior Class Ranking occurs at the end of the Seventh Semester.

### Scholarships

Scholarships are awarded to students who have attained an outstanding record in high school and who show strong promise of their ability to do college work. This scholastic record and a well-defined purpose, strong character and financial need are the usual prerequisites. Information concerning scholarships will be brought to the attention of students; all eligible students will be encouraged to apply or complete an application. However, students are strongly advised to contact the college of their choice to find out what scholarships may be available to them. In addition to the aid given by colleges, several local organizations provide scholarships for which the student makes an application through the school. Also during the last several years, many students have received scholarships through their selection by the State Student Assistance Commission of Indiana. If a student has a question about scholarships, he/she should consult the Director of Guidance or the designated counselor who coordinates scholarship information.

### Seventh Semester Graduates

A student may request and be granted the privilege of graduation with a minimum of seven (7) semesters of regular school attendance if the student meets all graduation requirements. Such a request shall be initiated by the student, approved in writing by a parent, and presented to the Director of Guidance and Principal by **December 1<sup>st</sup>**. If a seven-semester graduate wishes to participate in the Commencement Exercises, he/she must also indicate that on the form requesting seven-semester graduation.

### Summer School

Traditional Summer School is no longer being offered at Pike High School. Summer School information can be obtained by contacting [indianaonlineacademy.org](http://indianaonlineacademy.org) or your guidance counselor for other potential options.

### Selective Service

Male students must register for the Selective Service Program upon reaching their eighteenth birthday. This may be done at any post office.

## **Student Deliveries**

Deliveries to students of balloons, fast food, flowers, or other gifts are prohibited. Those items brought to school may be confiscated until the end of the school day or the student may be asked to place such items in their locker to avoid disruptions in the halls and classrooms. Students should not bring these items to school. Those items brought to school may also be confiscated.

## **Testing Program**

To aid students in better understanding their capabilities (strengths and weaknesses) the Guidance Department administers a testing program. Counselors are available to discuss or interpret test results for students or their parents. It is hoped that this will enable students to plan their educational and vocational goals more intelligently.

The Indiana Statewide Testing for Educational Progress (ISTEP) tests will be administered to sophomores (See Page 12). Achievement and/or ability tests will be administered to designated students during the course of the school year if needed. In addition to the tests above, juniors planning to attend college and interested in scholarship competition, should take the combined PSAT/NMSQT in the fall. The College Board Scholastic Aptitude Test (SAT) or the American College Test (ACT) should be taken either in spring of junior year or fall of senior year by those students planning to attend college. Information and registration forms are available in the Guidance Office.

## **Homework**

Well chosen and clearly communicated homework is an integral part of the instructional process which shall be utilized as an extension of classroom instruction. Classroom instructional strategies shall include homework appropriate for students and their educational needs.

## **STUDENT SERVICES**

### **Bookstore**

The bookstore is open during school hours. Students are able to purchase supplies and school apparel during that time.

### **Convocations**

Convocations or school assemblies may be held during the school year. The school attempts to bring the students a variety of educational, inspirational, and entertaining programs. All students should be courteous toward speakers. Even if some students are not interested in the program, there are others nearby who are interested.

Applause is the correct show of approval of the program or speaker. Stamping, yelling, and whistling are not in good taste. The impression left upon a speaker by a school is one of the important reasons for good audience etiquette. A school's reputation may be greatly damaged by bad behavior during convocations.

### **Fundraising**

Fundraising, for any reason, is not allowed without expressed written permission from school and/or district administration. Selling items for personal gain (candy or other items) is not allowed. Discipline procedures will be enforced.

### **Guidance**

Professional guidance and counseling services are available to all students. Each student will be asked to meet with his/her counselor at least once each school year. At this time, records are brought up-to-date, test scores explained, questions answered and future plans discussed.

However, all students are encouraged to see their counselor whenever the need arises by simply requesting a conference through the guidance secretary. Faculty members are willing to serve students as counselors if the student so desires. Besides counseling, the Guidance Department offers the following services:

1. Assisting the individual in analyzing his/her needs through exploration of his/her interests, abilities, aptitudes, and personality, thus giving him/her the opportunity to plan his future wisely.
2. Imparting information of an educational, vocational, and social nature to groups and individuals. This includes college requirements, other training programs, job opportunities, financial aid information, and other topics the student may wish to discuss.
3. Assisting students in selecting courses of study, training programs, colleges, and part and full time jobs consistent with their needs and desires.
4. Doing periodic research to evaluate and improve the school's current services.

## **Guidance-Sponsored Programs**

Career and College Resource Center (CCRC)

This center is located in the guidance suite and is available for students and parents. Several computerized systems are available for accessing interest inventories, scholarship information, career search and college information. College applications, financial aid and student employment information are also available in the center.

Career Day/College Investigation Series, Financial Aid Night, and ACT/SAT testing site

## **Lockers**

Student use of lockers owned by the school district shall adhere to IC 20-33-8-32 as enacted by the Indiana General Assembly and be subject to the following:

1. Any student using a school-owned locker shall have no expectation of privacy in such locker or its contents.
2. The school principal or his/her designee may search a locker and its contents at any time.
3. Other than a general search of lockers of all students, any search conducted shall be in the presence of the student to whom the locker is assigned where possible.
4. A master key or list of lock combinations shall be maintained at all times by the school principal or his/her designee for all lockers assigned to students.
5. Care of and/or damage to an individual locker shall be the responsibility of the student to whom it is assigned.
6. **Students should not share lockers. Students must assume responsibility for locking their own lockers. Students found to be sharing lockers face disciplinary consequences.**
7. **Students should take precautions to prevent others from observing their locker combinations.**
8. **Students are responsible for securing their locker. Teachers or administration are not responsible for lost or stolen items and are not required to search for said items.**

## **Lunch Program**

The school lunch program is an outgrowth of the National School Lunch Act and must meet with federal and state requirements. These requirements specify that a well-balanced, nourishing lunch must be served at a reasonable cost. Although this meal is adequate for most students, it is possible for students to select additional food at a nominal price. This program is supplemented with government commodities and is designed for the student. Under the Federal Law, adults, other than enrolled students, are not covered and no reimbursement is received for them, thus requiring them to pay full cost.

## **School Meal Prices**

Meal prices for the 2018-2019 school year are:

Lunch \$2.70; High School Breakfast Free; Adult Breakfast \$2.10; Adult Lunch \$3.45

## **Negative Balances**

You must have money on your account to use your ID account, unless you receive free meal benefits. Students who forget their money or do not have money left in their account may charge up to two school lunches. You must have your student ID to make purchases if you do not have cash in hand.

You will not be allowed to purchase or charge snacks or a la carte items if you have a negative balance. No charging will be permitted during the last two weeks of school. All negative balances must be paid to avoid collection action.

## **Meal Benefits**

If you have been approved for free or reduced meals, your status will be entered into the computer. Meal benefits are applied on the date the application is processed in the computer. Once entered, your meal cost will automatically be posted to your account as you proceed through the line. Please note that until your meal benefit application is processed, you are financially responsible for any meals consumed by your child. The meal benefit program is a completely confidential program. If you have not received a letter in the mail regarding your eligibility status, you should contact the food service office.

## **Additional Information**

In an effort to model healthy eating habits, we encourage students to eat school lunches or bring in food from home that is of high nutritional value. Please do not bring in any food purchased at a restaurant. A school lunch includes your entrée, your choice of vegetable and fruit and a half pint of milk. A la carte items may be purchased for an additional cost.

To assist the lunchroom staff and supervisor in maintaining a pleasant atmosphere in the lunchroom at all times, the following suggestions are made:

1. All food items and drinks must be consumed in the cafeteria.
2. Do not make purchases for others; buy only what will be eaten in the cafeteria.
3. Do not cut in front of others in line or save a place for others in line.
4. To avoid confusion, keep the aisle clear for the return of empty trays and articles.
5. All spilled food should be reported immediately. The faculty supervisor or cafeteria manager will provide a mop, broom, dust pan, etc. Careless conduct by one person may cause another an accident or a cleaning bill.
6. All trays, paper and dishes are to be taken to the conveyor belt and not left on dining tables. Paper, napkins, etc., should be put in the trash containers.
7. Remove paper items from trays before placing trays on the conveyor belt. Use the trash can for paper.

### **School Health Program**

The school health program under the Marion County Health and Hospital Corporation provides a school nurse whose basic function is to carry on a program designed to maintain good health standards in the school district. A clinic is available for students who become ill during the day. The following procedures pertain to the services of the school nurse and the use of the sick room.

1. Beds in the clinic are for emergency use only. After ten (10) minutes, a student returns to the classroom or makes arrangements to go home.
2. Only minor first aid services are available at the school.
3. Communicable diseases are reported to the Department of Health.
4. Parents will be notified by the clinic in case of serious illness or injury, and arrangements will be made for students to be picked up or transported to a hospital.
5. It is strongly recommended that medications be given at home when possible. However, recognizing the necessity requiring medication while attending school, the following must apply:
6. Self-administration of medication (including over-the-counter medication) by students while in school must comply with District policy and Indiana Law. Permission for self-administration must be granted in writing by the parent, the prescribing physician, and school officials.
7. Medication handed or sent to school employees to dispense shall be accompanied by a written permission form from the student's parents, guardians, or legal custodians.
8. Written instructions from a physician shall be provided with prescription medication to include:
  - a. Medication in its original container with name of student and physician

11. If any medication remains at the school when it is no longer to be taken, it is recommended that it be picked up by the parent/guardian/custodian. Such medication shall be sent home upon the written request of the parent/guardian/custodian. Medication shall be destroyed by the designated school employee after being held a reasonable time.
12. Medication brought to school that does not meet these guidelines will not be dispensed.
13. Failure to follow these procedures could result in disciplinary action.

## **Immunizations**

When a student enrolls in a Pike school at any time or at any subsequent level, the parent must show that the student has been immunized or that a current medical or religious objection is on file. Parents must provide the school corporation with complete immunization records prior to the beginning of the school year.

In the event a child enrolls in school without proper immunization documentation, the school may grant a waiver for a period not exceeding twenty (20) days.

## **Exclusions**

The following are symptoms for which a child must be sent/kept home from school and perhaps taken to the doctor.

1. Fever of 100°F degrees or higher. Children must not return to school until they have a normal temperature for 24 hours without Tylenol or Motrin. Children on antibiotics for contagious diseases such as tonsillitis, bronchitis or pneumonia must not return to school until they have taken the medication for 24 hours.

8. Open or Draining Eyes – Physician needs to confirm if contagious or not. Appropriate treatment should be started before child returns to school. Keep open wounds covered at all times while in school.
9. Ringworm – Diagnosis by a Physician must be made and anti-fungal treatment needs to be started. While in school the site must be covered.

## **Communicable/Infectious Disease**

If a school age child in the school district is suspected of or diagnosed as having a chronic, communicable disease, he/she will be automatically excluded from attending school in the normal setting, subject to the review and approval of the local health authorities, in accordance with applicable Indiana Law.

Decisions regarding the child's educational program when he/she cannot attend school in a normal setting, due to the disease, should initially be made in the framework of Rule S-1 implementing the education for all handicapped children's act. Local and/or state health authorities as required by law shall make the decision concerning school attendance.

General Guidelines for Chronic Communicable Cases:

- 1) Attendance decisions (admission or continued attendance) will be addressed on a case by case basis.
- 2) The Superintendent or designee shall serve as the central contact for handling information about this section of the policy.
- 3) The Superintendent initially shall decide appropriate educational placement after reviewing the recommendations of any school district physician/consultant, local health authorities, the child's physicians, parents and school officials, subject to the provisions of Rule S-1 and Indiana statutes.
- 4) An effort shall be made to maintain the anonymity of the affected individual in so far as practically possible. Health records are to be kept confidential. The use of "universal precautions" when an employee has direct contact with blood or other body fluids is required. Universal precautions means: procedures specified by the State Board of Health that are used to prevent the transmission of dangerous communicable diseases, including AIDS, through blood or other body fluids.

## **Communication, Telephones and Wireless Communication Devices**

A student may possess a cellular telephone or other wireless communication devices (WCD- wireless communication device - may include but are not limited to: iPhones, IPODs, IPADS, Laptops and other devices designed to receive and send an electronic signal) in school, on school property, at after school activities and at school-related functions.

Students may not use cellular telephones or WCDs on school property or at a school-sponsored activity to gain access and/or view Internet web sites that are otherwise blocked to students at school. Students are not allowed to sell electronic communication devices on school property.

Use of WCD's is allowed during instructional time and in instructional areas with permission of the instructor or administration. The use of WCD's during instructional time and instructional areas without permission may generate disciplinary action. Use of these items during non-instructional time and in non-instructional areas must not impede the ability of an individual student or other students' ability to hear and follow instructions given by school personnel. Unauthorized recording (audio or video) or unauthorized photography of an individual or groups including but not limited to district personnel and students is not permitted.

Violations of this policy may result in disciplinary action. The building principal may also refer the matter to law enforcement if the violation involves an illegal activity (e.g., child pornography) or need of legal of clarification.

**HEADPHONES** – Large headphones are not permissible to be used during the school day. "Ear-bud" style earpieces are allowed to be used during non- instructional time.

The requirement that cellular telephones and WCDs must be turned off will not apply if the student obtains prior approval from the building principal.

The use of cellular telephones and other WCDs that contain built-in cameras are prohibited in locker rooms, classrooms, bathrooms and/or swimming pools.

Possession of a cellular telephone and other WCD's by a student is a privilege, which may be forfeited by any student who fails to abide by the terms of this policy, or otherwise engages in misuse of this privilege.

Use of these items during non-instructional time must not impede the ability of an individual student or other students' ability to hear and follow instructions given by school personnel. Violations of this policy may result in disciplinary action. The building principal may also refer the matter to law enforcement if the violation involves an illegal activity (e.g., child pornography).

The student who possesses a cellular telephone or WCD is responsible for its care. The Board is not responsible for preventing theft, loss, damage, or vandalism to cellular telephones or WCDs brought onto school property. The school administration is not required to and may not conduct searches for lost/stolen items.

Parents/guardians are advised that the best way to get in touch with their child during the school day is by calling the school office. Students may use school phones to contact parents/guardians during the school day.

A student may not withdraw from school unless the withdrawal is due to 1) financial hardship and the student must be employed in order to support the family; 2) the student's illness; or 3) an order of a court with jurisdiction over the student. The Board of Education for the MSD of Pike Township designates the principal/and or designee to conduct the exit interview of a student enrolled at the specified school who wishes to withdraw from school.

At least five (5) days before holding an exit interview, the School Corporation shall give notice by certified mail and personal delivery to the student, the student's parent(s), or the student's guardian. The student's failure to attend an exit interview or return to school if the student does not meet the requirements to withdraw from the school will result in the revocation or denial of the student's driver's license or learners permit and employment certificate.

Attendance at **any** school dance is a privilege. The final determination on student attendance is the decision of school administration. Conditions that will determine the ability of a student to attend dances include but are not limited to student discipline, school attendance, and grades.

Dances must have approval from the Assistant Principal for Student Services. Bands and disc jockeys are to be approved by the Administration. The sponsor and several other faculty members are to chaperone.

Parents picking up students should be prompt. Several clubs sponsor more formal dances for couples through the school year. The Junior-Senior Prom, sponsored jointly by those classes, is held in late spring.

## **Homecoming**

Homecoming is a festive occasion sponsored annually by the Student Council. Candidates for king and queen are also selected. The king and queen will be crowned during halftime of the football game. A dance may be held to complete the celebration.

## **Publications**

There are several functions of student publications including: to provide instruction for students in the basic skills of responsible guidelines within the school setting. In addition, student publications provide opportunities for student expression, and keep the community informed of school activities.

The faculty advisor and principal are responsible for all legal requirements and monitoring appropriateness of materials.

Students are often utilized to assist teachers and offices staff. All student assistants are required to meet academic and behavioral expectations in order to become and maintain the status of a student assistant. The administration makes the final determination on matters regarding the retention or removal of a student from the position.

## **Student Government**

### **Class Officers**

Each class has four officers: President, Vice-President, Secretary and Treasurer. Their duties are those usually relevant to the particular office. They work closely with the Class Sponsor and also with the students. Elections for class officers are held in September. Personnel seeking office should consider the responsibilities they will assume and be willing to accept them.

The Student Council is that group of student leaders which ascertains the wishes and desires of the student body and makes them known to the administration and faculty of the school. ### **Cooperative Agreement**

#### **Co-Curricular (class related – i.e. newspaper and yearbook) and Extra-Curricular (athletics and clubs)**

This agreement is for students participating in both co-curricular and extra-curricular programs at Pike High School. The administrators of these programs understand that scheduling conflicts will occur. In order to deal with each participant fairly, a consistent policy is necessary.

The participant must understand that the ultimate responsibility is for the student to communicate any scheduling conflicts to his/her coach and director.

1. Under this agreement, coaches, directors and sponsors must communicate between departments ASAP. The participant **MUST COMMUNICATE** the conflict at least one (1) week in advance to the coach, director or sponsor.
2. This agreement upholds the Pike Township policy that competition or performance takes precedence over practice with no penalty to the participant.
3. **LEVELS OF PRIORITY FOR CONFLICTS**

  - b. If simultaneous competitions are of equal priority and the student has informed director, coach, or sponsor with at least one (1) weeks' notice, a meeting of the coach, director, and athletic director will be set up. At that time the importance of the student's participation to the success of the group's performance will be considered, and any possibility for the participant to get to both competitions will be investigated.
4. If simultaneous competitions are of equal priority and the student has not informed director, coach or sponsor with at least one week's notice, the participant will accept the consequences.
5. If the student has met requirements of notifications:
  - a. Graded activities will be assessed as non-applicable.
  - b. If absent from performance, athletic event or non-athletic event due to simultaneous competitions, no penalty will be enforced (i.e.: no benching, no reduction of playing or performance time, or reduction of participation).
  - c. If there is a simultaneous competition conflict and time allows the participant to do both, the participant may not sit and watch other levels of competition in which he/she is not personally participating.  
The participant is to go to his/her other competition. Students are responsible for getting their transportation from one event to another with a note from a parent explaining the mode of transportation.
6. If there is a practice and competition conflict:
  - a. An effort to get to practice after or prior to competition is required.
  - b. If competition is a home event, the participant is to immediately report to practice as soon as his/her portion of the competition is over. ### **Expectations for our Students:**

## **Bullying**

The Metropolitan School District of Pike Township is committed to maintaining a positive learning environment that is free from bullying. Students should see a building administrator, counselor, school social worker, or a teacher to report bullying.

## **STUDENT ATTENDANCE**

Education is one of the most valuable undertakings of our country. Formal schooling is not only very desirable but also absolutely essential for the conservation of American society.

The State of Indiana places education at the top of its priorities. A very high, positive correlation exists between formal learning and school attendance. Accordingly, it is incumbent upon this school system to use every reasonable measure to instill dutiful attendance habits in every student. A day lost in the classroom can never be completely retrieved; the dialogue between the teacher and the students in a classroom group environment can never be effectively duplicated. This policy's purpose is to encourage academic effort by discouraging unacceptable absenteeism which is viewed as lack of effort.

Student attendance shall be in conformance with IC 20-33-2-47 and School Board Policies.

### **Definitions**

- A. Absence – Each teacher will record an absence when the student is not in attendance for any time during the school day.

Student absences must not exceed seven (7) days per quarter for elementary schools, ten (10) days per semester for middle schools, and must not exceed nine (9) days in any one class per semester at the high school. All absences other than those listed in Section C will count toward the seven-day limit at the elementary school, the ten-day limit at the middle school, or the nine-day limit at the high school, with the following exceptions:

#### Indiana State Statute

- 1. Extended illness of more than three (3) consecutive school days. The first three (3) days of the illness will count toward the limit. The extended illness must be documented by a physician's statement indicating that the student was unable to attend school due to said illness. The medical/physician's statement must be on file within (6) days after the student returns to school. Failure to produce the physician's statement in the required time will result in all days missed counting toward the ten-day limit.
  - 2. Out-of-school suspension.
  - 3. In-school suspension.
  - 4. Expulsion.
- B. Truancy will be reported to officials as required by law.

- C. A notification letter will be sent to the parent/guardian on the **sixth (6<sup>th</sup>) absence** from school in any one (or more) class. **On the tenth (10<sup>th</sup>) absence in any class during any semester, the student will receive a grade of WF (withdrawal/failure) with no credit given for the class. In addition, the student will be removed from the class and placed in study hall or an alternative program.**

### **Consequences**

**High School:** On the sixth (6<sup>th</sup>) day of absence in any one (or more) class at the high school a notification of absences will be mailed to the parent/guardian. The notice will serve as a reminder that his/her child has three (3) more days before reaching the nine-day limit. The notice will serve as a warning of possible legal proceedings. On the tenth (10<sup>th</sup>) day of absence in any one class at the high school legal notice will be served notifying the parent/guardian that his/her child has been unlawfully absent from school. The student will receive a grade of WF (withdrawal/failure) with no credit given for that class. In addition, the student will be removed from the class and placed in study hall.

### **Make Up Work**

High School students will be allowed to make up and receive credit for any work missed during the nine-day limit. There WILL BE NO CREDIT given for work made up for absences beyond the nine-day limit.

The student will be given one school day to make up work missed for each day of absence, PLUS one day added to the total number of days missed PER OCCURRENCE. For example, if a student missed two (2) school days, he/she will have three (3) school days to complete all make-up work.

**NOTE: All State and School Assessments and Final Exams will be allowed.**

### **General Guidelines**

- A. Parents/guardians are to call school to report or verify an absence. This ensures the safety of the child, and it documents the reason for absence.
- B. Every effort should be made to schedule medical, dental or other such appointments outside the regular school day. Such appointments resulting in a half-day or full-day absence at the elementary school will count toward the seven-day limit or, at the middle school, will count toward the ten-day limit. Such appointments which result in an absence for one or more periods at the high school will count toward the nine-day limit in those classes missed.
- C. Families should plan their vacations at times when school is not in session to avoid student absences. School days missed because of vacations will count toward the seven-day elementary, ten-day middle, or nine-day class period high school limit.
- D. During the school year, parents will be advised on any problems their child might be having with school attendance either by phone or in writing by the building principal or designee.
- E. Regular school attendance is required from the beginning of the Fall term for the school year in which a child becomes seven (7) years of age but only until the child graduates, or reaches eighteen (18) years of age. Under Indiana law, any student who is at least sixteen (16) years of age but is not yet eighteen (18) years of age, may withdraw from school prior to graduation after an exit interview with the student's parent or guardian and the student's principal is conducted with the appropriate school employee. A student may not withdraw from school unless the withdrawal is due to 1) financial hardship and the student must be employed in order to support the family; 2) the student's illness; or 3) an order of the court with jurisdiction over the student. The maximum age permitted for school attendance shall be twenty-one (21). Alternative school programs shall be recommended for persons age 22 or over, having legal settlement in the Metropolitan School District of Pike Township.

### **School District**

1. A child of school age shall attend school in the school district in which the child resides (unless changed to equalize enrollments). A child may remain in attendance in the same school for the remainder of that semester/trimester at the election of the parent where a change in the attendance area is made within the MSD of Pike Township, after said child has commenced attendance for such year. Transportation of the child shall be the responsibility of the parent.
2. A child may be enrolled in the school located in the attendance area established by the permanent residence of the parent by virtue of the purchase or construction of housing to be completed by November of the current school year when said parent established initial residence in temporary housing outside of regular attendance area in the MSD of Pike Township.

Transportation shall be the responsibility of the parent. Parent(s) whose student(s) is/are expected to an elective enrollment school will assume that elective enrollment school as their attendance area school (home school).

3. The legal settlement of a child shall be defined in accordance with IC 20-18-2-11 and IC 20-26-11-1 through IC 20-26-11-29 as approved and as amended by the Indiana General Assembly.
4. A child with legal settlement in the MSD of Pike Township will be granted a transfer to another school corporation only in accordance with state law and the rules of the Indiana State Board of Education.
5. Attendance of any child, whose legal settlement is outside the MSD of Pike Township, shall be in accordance with IC 20-26-11-1 through IC 20-26-11-29 as approved and as amended by the Indiana General Assembly. ### **Special Services**

1. Counseling through appropriate special services staff will take place to encourage regular attendance of students experiencing attendance problems.
2. Students who become ill at school must go first to the clinic and then sign out through the attendance office once parental permission is given.

**A parent or guardian must come in and sign the student out through the attendance office. If someone other than the parent or guardian signs a student out, parental or guardian permission must be given and a Doctor's, Dentist's or Court's stationary must indicate the date and time of the appointment.**

3. Parents should make every attempt to schedule medical or legal appointments so that the student will not miss school. If this is impossible and a student must be absent, he/she must bring a written request from his/her parent to the attendance office prior to the appointment. A pass will be issued to excuse the student from class at the proper time. Any person signing out a student will be required to show a photo I.D.

### **Habitual Truant**

IC 20-33-2-11 provides that any person, while of the ages of 13 and 14, who is determined to be a habitual truant as defined by school board policy, cannot be issued an operator's license or learner's permit until the age of 18, or until the student's attendance record has improved as determined by the school board upon review of the student's record. A student is considered a "habitual truant" when the student has ten (10) or more unexcused absences during a school year.

### **Habitual Truancy/Driver's License**

The 1989 Indiana General Assembly passed Public Law 121-1989. In broad outline, this law provided for the following: This law prohibits the Bureau of Motor Vehicles from issuing a driver's license or learner's permit to a student less than 18 who:

1. is under at least a second suspension from school for the year;
2. is under an expulsion from school;
3. is a habitual truant under IC 20-33-2-11;
4. withdraws from school before graduating for a reason other than financial hardship.

The Bureau of Motor Vehicles is also required to invalidate a student's license or permit for the same reason. A student whose license or permit has been denied or invalidated will be eligible for a license or permit or have the license or permit revalidated upon the earliest of one of the following events:

1. the student becomes 18 years of age;
2. 120 days after the person is suspended; or the end of the semester during which the student returns; whichever is longer;
3. the suspension or expulsion is reversed after the person has had a hearing under IC 20-33-8;
4. the student has enrolled in an education program and has participated in it for 30 or more days.

Furthermore, the Bureau of Motor Vehicles may not issue a driver's license or permit to a student who is:

1. at least 13 but less than 15; and
2. a habitual truant until the student turns 18.

A student identified as a habitual truant is entitled to not only a hearing on the designation as a habitual truant but also a review of the student's attendance record at least once a year. The law requires the MSD of Pike Township to develop a definition of a student who has been designated a habitual truant. In compliance with this law, the MSD of Pike Township has taken the following action.

The Board of Education adopted the following definition of habitual truancy on September 5, 1989:

**Habitual Truant Policy – Restriction of Driver's Licenses and Permits**

Any student who is thirteen (13) or fourteen (14) years of age and is determined to be a habitual truant may not be issued a vehicle operator's license or learner's permit until age eighteen (18), pursuant to IC 20-33-2-11. A habitual truant shall be defined as any student who is absent from school for three (3) or more days during any school year without parental consent which must be in writing prior to within five (5) days following said absence from school.

Students/parents will be notified in writing by the principal after a student commits a second truancy and of the possibility of driving restrictions.

Students/parents will be notified by the principal in writing after a student commits a third truancy. This letter will designate the student as a habitual truant and will notify the student/parents of their right to a hearing if requested within ten (10) calendar days after receipt of the notice.

In regard to suspension (in or out of school) from Pike schools, a student:

1. may not be issued an operator's license or a learner's permit or
2. will have such license or permit invalidated if the student receives a second suspension in a school year.

The principal will notify the Bureau of Motor Vehicles of the student's ineligibility for a license or permit. The termination date of such driving restriction will be 120 days after the person is suspended, or the end of the semester during which the student returns, whichever is longer.

A student who receives an expulsion for misconduct from Pike schools:

1. may not be issued an operator's license or a learner's permit or
2. will have such license or permit invalidated.

The principal will notify the Bureau of Motor Vehicles of a student's ineligibility for such license or permit. The termination date of such driving restrictions will be when the student has enrolled in an education program and has participated in it for 30 days.

The principal will recognize a previous school's designation of truancy, and habitual truancy, as well as suspension or expulsion misconduct.

**Cutting Class Policy**

Cutting Class is the willful non-attendance of a student at a scheduled assignment. Disciplinary action including grade sanctions will result whenever a student cuts a class.

**Tardy Policy**

Students who have difficulty making it to their assigned classes in a timely fashion will face the following disciplinary consequences:

<b>Offense</b>	<b>Consequence</b>	<b>Additional Information</b>
1 <sup>st</sup> – 4 <sup>th</sup> Tardy	Warning	
5 <sup>th</sup> – 6 <sup>th</sup> Tardy	Full Day Guided Learning	Conference with Assistant Principal
7 <sup>th</sup> – 9 <sup>th</sup> Tardy	Failure to Follow Direction 1 Day Out of School Suspension	Conference with Assistant Principal

10 <sup>th</sup> -12 <sup>th</sup> Tardy	Insubordination 2 Days of Out of School Suspension	Conference with Assistant Principal
13 or more Tardies	Habitual Offender 3 Days of Out of School Suspension	Conference with Assistant Principal
	May Also Include: Contract, Alternative to Expulsion, Expulsion	Conference with Assistant Principal

The number of tardies will be calculated cumulatively in a day (periods 1-8).

**Ex:** a student can receive 8 tardies in a day. Tardies will not carryover to the next semester; however, consequences not served will still be enforced.

To maintain order during all times during the instructional day, a student can be tardy to lunch and can be counted tardy back to class.

### Truancy

Truancy is the willful non-attendance of a student from school without parent/guardian/custodial permission. Disciplinary actions including grade sanctions will result whenever a student has been truant.

When a student has been truant a second time, notification shall be submitted to the school district attendance office which may lead to referral of the Marion County Juvenile Court. Multiple truancies can result in the invalidation of the student's school driving privileges and/or probationary driver's license.

### Repeated Drop-outs/Expulsions

Any student withdrawn from school twice, for reasons other than medical or moving, must earn two credits before being admitted to Pike High School for the third time.

### Bus and Driving Regulations

For most Pike students, the school day begins and ends on the school bus which makes transportation a very important part of the total educational process. A good beginning (or bad beginning) to the school day can be experienced on the morning bus ride. Because transportation is such an important segment of education, cooperation among students, bus drivers, administrators, and teachers is very important.

### Expectations for those riding the school bus:

For most Pike students, the school day begins and ends on the school bus, which makes transportation a very important part of the total education process. Because transportation is such an important segment of education; cooperation among students, parents, bus drivers, teachers and administrators is very important. When students make poor behavior choices on our school buses, the consequences can have a greater impact than when the misbehavior occurs in the classroom. The most important reason for having a bus discipline system is the safety of our students. It is an expectation that all students will follow all bus rules and display appropriate behavior on all Pike school buses. Should you have any questions or concerns please contact your child's school administrators. These rules apply anytime a student rides the bus:

1. The student shall be waiting at the designated boarding place when the bus arrives.
2. Students may only ride the bus to which they are assigned and must board/dismiss at their designated bus stop.
3. Permission to ride a different bus shall be granted if space is available and the student brings to the principal (or his/her designee) a signed request from the parent or legal guardian. A standard office bus pass is given to the driver once the principal (or his/her designee) has granted permission.
4. Whenever boarding the bus, a student shall be seated immediately as designated or assigned by the bus driver and shall remain seated until the bus reaches its destination.

5. Windows shall be opened and closed only with the permission of the driver.
6. Consumption of food/beverages is not permitted on the bus.

ADMINISTRATORS COMMENTS: \_\_\_\_\_

Students utilizing Pike transportation for athletic, extracurricular and co-curricular purposes are subject to the rules and expectations outlined in the Pike Student/Parent Handbook, School Athletic/Extracurricular Policy, and/or MSD of Pike Township School Board Policy.

Many bus concerns start at the bus stop or are a product of a neighborhood problem. The district staff is concerned about this situation and does become involved when the problem carries over to the bus or school. A student's actions before boarding or after leaving the bus are the responsibility of the parent/legal custodian and the student.

Your child has violated the rule(s) checked above. Be advised upon recommendation of the driver, school authorities may deny your child the privilege of riding the bus. These revised rules & regulations replace all other documents and references found in the Student/Parent Handbook. If a problem is not resolved through the bus driver, it is then routed in the following manner: School Principal (or designee), Director of Transportation, Assistant Superintendent of Secondary Education and Superintendent.

### **Grooming Code**

Our school philosophy emphasizes that education is to help the individual develop his/her potential in an atmosphere of self-discipline. The appearance and dress of any student is the primary responsibility of both the student and the parent. The careful regulation of student appearance and dress is the responsibility of the school. Student/staff health and safety, common decency, student school work, and school and classroom order are all affected by grooming and dress. This basic dress code does not infringe on student's rights of freedom of expression, but rather encourages students to "dress for success" and come to school properly prepared to participate in the education process.

In order to reduce misunderstandings, the following examples are provided, but not limited to:

1. Cleanliness of person and apparel is required.

7. Any apparel, jewelry, cosmetic, make-up, notebook, supply materials or manner of grooming which by virtue of its color arrangement, trademark, or any other attitude denoting membership in a gang, advocating drug use of violence, or clothing bearing racially or sexually offensive messages, is unacceptable.

When a student or group of students varies in actions or dress from the above dress code, a determination by administrators will be made after a conference with student and/or parents. Decisions will be based on these three points:

1. Disruptive influence for students and/or teachers
2. Health hazard
3. Safety

**The following discipline guidelines will be implemented for student violations of the dress code:**

### **Indiana State Statutes and the MSD of Pike Township's Policies**

Indiana State Statutes and MSD of Pike Township Policies Affecting the Conduct of Students Due Process for Students  
*(The MSD of Pike Township has adopted the State of Indiana statutes (IC 20-33-8-1 etseq) as they relate to policies affecting the conduct of students.)*

#### 1) Basis for policies affecting students

The purpose of establishing rules and guidelines for student conduct shall be the promotion of learning and knowledge in an orderly and efficient educational system consistent with the statement of philosophy for the MSD of Pike Township and in accordance with the Constitution for the State of Indiana.

Student supervision and the desirable behavior of students are responsibilities shared by students, parents, and teachers subject to the control of the principal of each school and the supervisory authority of the school district's administrative staff. Standards of conduct apply in general to behavior in the classroom, on the school grounds, at all school-sponsored functions and to any behavior outside of school which causes a substantial and material disruption of the school purposes or an educational function. Rules or guidelines pertaining to student conduct are intended as a basis for the development of positive attitudes on the part of students interacting with parents, teachers, administrators and others rather than a structure only for punitive measures.

In all matters relating to the discipline and conduct of students, school corporation personnel stand in the relation of parents and guardians to the students of the school corporation.

Therefore, school corporation personnel have the right, subject to suspension, expulsion, and student discipline, to take any disciplinary action necessary to promote student conduct that conforms to an orderly and effective educational system.

2) Delegation of Authority

In carrying out the school purposes of the school corporation, the following grants of authority are hereby made:

Each teacher and any of the other school personnel shall, when pupils are under his charge, have the right to take any action which is then reasonably necessary to carry out or to prevent interference with the education function of which he is then in charge. Each principal may take any action concerning his school or any school activity within his jurisdiction which is reasonably necessary to carry out or prevent interference with an educational function or school purpose.

Such action may include establishing written rules and standards to govern student conduct. Similarly, the superintendent or his administrative staff, with his approval, may take any action with respect to all schools within the superintendent's jurisdiction which is reasonably necessary to carry out or prevent interference with an educational function or school purpose.

The governing body may make written rules and establish written standards concerning student conduct which are reasonably necessary to carry out, or to prevent interference with carrying out an educational function or school purpose.

The governing body may make such other delegations of rule-making, disciplinary and other authority, as are reasonably necessary in carrying out the school purposes of the school corporation.

The terms "superintendent" and "principal" shall include their respective designees.

3) Limitation of Delegation

Delegation of authority shall be subject to the following limitations:

Delegated authority shall be in conformance with applicable statutes of the State of Indiana and with the Constitution of Indiana and the United States. Rules, standards, or actions shall not be discriminate against any student or class or students, but the number of schools or students to which they apply shall not be determinative of whether they discriminate.

Any handbook or other written rule, standard or policy applying to students generally or to any group of students shall not be effective until they are reviewed and approved by the superintendent and until they shall be presented to the Board of Education.

Revisions or additions to the policies affecting students shall not be effective until they are reviewed and approved by the superintendent and until they shall be presented to the Board of Education.

Rules and standards of conduct shall not apply to students generally, or to any group of students, until a written copy is made available to the student or his parents, or is otherwise given general publicity within any school to which it applies. This limitation shall be satisfied in any case where a good faith effort has been made to disseminate such rules and standards of conduct to students or parents.

4) Conduct Constituting an Interference with School Purposes or an Educational Function

Conduct constituting an interference with school purposes or an educational function shall mean any conduct which causes, or which can reasonably be foreseen to cause, a substantial disruption or material interference in the carrying out of a school purpose or an educational function. Undifferentiated fear or apprehension of disturbance, disruption, or interference shall not alone constitute grounds to support a determination that such conduct exists.

5) Expulsion or Suspension

a) Expulsion (IC 20-33-8-3) shall mean a disciplinary action whereby a student:

(1) Is separated from school attendance for a period in excess of ten (10) days.

- (2) Is separated from school attendance for the balance of the current semester, balance of the school year, or first semester of the following school year or one calendar year unless said student is permitted to complete required examinations in order to receive credit for courses taken in the current semester or school year.

Expulsion may result in a loss of all credits for the current semester.

When a student is separated from school attendance the first semester, such separation shall terminate by the end of the school year. When the separation from school takes place during the second semester, said separation shall remain in effect for summer school and may remain in effect for the first semester of the following school year. When the separation is for a period of at least one (1) calendar year, the student will return at the beginning of the first semester after the end of the one (1) year period.

- b) Suspension (IC 20-33-8-7) shall mean any disciplinary action whereby a student is separated from school attendance for a period of not more than ten (10) days which does not constitute an expulsion. Suspension shall not include situations in which a student is assigned a special course of study, enrolled in special classes or given homebound instruction as authorized or required by law, or removed from athletic activities, noncredit school activities, or school-provided transportation.

6) Grounds for Expulsion or Suspension (IC 20-33-8-14)

A student may be suspended or expelled for either misconduct or substantial disobedience which occurs when a student is:

1. On school grounds immediately before and immediately after school hours and at any other time when the school is being used by a school group.

Should the student fail to comply with the stipulations of the waiver and not complete the alcohol and substance abuse education program, the recommended expulsion will then become effective immediately. The cost of the approved alcohol and substance abuse education program and chemical assessment shall be paid by the student and/or his/her parent(s), guardian(s), or legal custodian(s).

Upon completion of the alcohol and substance abuse education program, the student and his/her parents/guardians/legal custodians shall confer with the Special Services Designee to determine the status and future recommendations for the student.

## **Pike High School's Technology Vision Statement**

Students must acquire technological awareness, the ability to communicate with diverse groups; obtain a sense of physical, emotional, and psychological wellness in a dynamic, complex society.

## **M.S.D. of Pike Township Technology and Internet Acceptable Use Policy**

The M.S.D. of Pike Township School Board is committed to the effective use of technology to enhance both the quality of student learning and the efficiency of district operations. It also recognizes that safeguards have to be established to ensure that the district's investment in both hardware and software is achieving the benefits of technology and inhibiting negative side effects.

The Superintendent is directed to establish administrative guidelines to ensure that students and staff are making appropriate and ethical use of district technology including but not limited to the use of computers, networks, and access to on-line services and the Internet. MSD of Pike Township will maintain a district web page and individual schools will maintain a school web page. These web pages are to provide communication with the world about school curriculum, instruction, school-authorized activities and other general information related to our district and schools. Students and staff are expected to act in a responsible, ethical, and legal manner when posting or accessing school related web-pages. The Superintendent shall establish administrative guidelines which comply with federal and state laws which are in accordance with any guidelines promulgated by the State Department of Education. The Superintendent shall also ensure that staff and students are informed about disciplinary actions that will be taken if district technology is abused in any way or used in an illegal or unethical manner.

Administrative Regulation and Procedure for Technology and Internet Guidelines (7540) is available upon request.

## **Technology Policy**

It is the joint responsibility of students, parents, and employees of the school corporation to use Technology and its resources appropriately. General school rules of behavior and communications apply as set forth in each school's Student/Parent Handbook.

In addition to having his or her Technology privileges temporarily or permanently suspended, the student who violates the Technology and Internet Acceptable Use Guidelines may be subject to punishment pursuant to the Disciplinary Code set forth in the District Student/Parent Handbook.

## **Building Technology Policy**

MSD of Pike Township offers many computer classes and has abundant technology available as part of the curriculum of other classes. However, it is a privilege, not a right, to have access to the use of computers and all technologies. Regardless of the class in which the technology is used, each student is expected to be responsible and honest, use common sense, and practice proper etiquette at all times.

Millions of dollars have been invested in hardware and software to prepare students for today's world, and it is imperative that students help protect this investment. In order to do this, the following rules have been established.

## **Building, Grounds and Facilities**

### **Care of the Building**

Students have a responsibility for cooperating in maintaining a clean, well-kept building. All waste paper and refuse should be placed in the waste containers located throughout the building. There is to be no food or drink in the building outside the cafeteria during the instructional day. Gum is not allowed in the building.

Vending machines are provided for after school use. Students should take pride in the excellent, attractive facilities and do nothing which might damage or destroy property.

### **Electrical Power Failure**

In case of power failure, the following points are to be observed:

1. All students are to remain with their teachers in their classroom locations.
2. Students in the cafeteria area are to remain in that location in their seats.
3. If the failure should occur during a passing period, all students should report directly to their next scheduled location.
4. In the event of a necessary dismissal, students will go to their lockers in an orderly manner, leave the building immediately, and wait for their transportation. There should be no running at any time. Students should report home upon dismissal.

### **Fire Drills**

State law requires that fire drills be held periodically. Specific instructions on which exit to use are posted in each room. When the alarm sounds, all students are to leave the building in a quiet, orderly manner as rapidly as possible without running. There is to be no talking as, in any emergency, it would be important that all hear directions. Students are to proceed a safe distance from the building and will re-enter only when the signal for their return sounds.

### **Tornado Drills**

Pike High School conducts at least four state-mandated tornado warning drills each school year.

If an emergency tornado warning is announced, the procedure will depend on the amount of time available. If the action must be immediate, all persons in the building should follow the instructions as posted in the area. If students are outside the building when a warning is sounded and the danger is immediate, they should lie flat in the nearest depression, such as a ditch or a ravine.

### **Integrated Pest Management**

The Metropolitan School District of Pike Township is committed to providing students and staff with a safe environment. It seeks to prevent children and staff from being exposed to pests and pesticides. While pesticides protect children and staff from pests that may be found in the school and its surrounding grounds, under some circumstances pesticides may pose a hazard to children and staff.

Therefore, integrated pest management practices may involve a variety of chemical and non-chemical methods that are designed to control pests effectively while minimizing potential pesticide exposure to children and staff.

The Metropolitan School District of Pike Township will:

- Inform parents and staff members annually of the district's integrated pest management policy at the time of student
- Contact the Director of Facilities, at 280-2400, for information regarding pest control.
- Establish a registry of parents and staff members who want to receive advance notice of all pesticides' use and provide such notice.
- Provide notice of planned pesticide applications to parents and employees who have requested advance notice.
- Maintain a written record of any pesticide applications for 90 days.

The Metropolitan School District of Pike Township will provide notice at least two school days prior to the date and time of pesticide application is to occur. The notice will include the date and time of the pesticide application, the general area where the pesticide is to be applied and the telephone number to contact for more important.

In case of emergency pesticide applications because of immediate threat to public health, the school shall give written notice as soon as possible.

The Metropolitan School District of Pike Township may provide for training of school employees to become certified pest control applicators. Financial support for such training may be provided by the Metropolitan School District of Pike Township subject to budgetary constraints of the district.

The Superintendent or his designee shall prepare and disseminate regulations for the implementation of this policy.
