IR-2021-251, December 17, 2021

WASHINGTON — The Internal Revenue Service today issued the 2022 optional standard mileage rates used to calculate the deductible costs of operating an automobile for business, charitable, medical or moving purposes.

Beginning on January 1, 2022, the standard mileage rates for the use of a car (also vans, pickups or panel trucks) will be:

- 58.5 cents per mile driven for business use, up 2.5 cents from the rate for 2021,
 - 18 cents per mile driven for medical, or moving purposes for qualified active-duty members of the Armed Forces, up 2 cents from the rate for 2021 and
 - 14 cents per mile driven in service of charitable organizations; the rate is set by statute and remains unchanged from 2021.
- Proposed rate of 58.5 cents per mile based on IRS rate change
