Pike Township is proud to offer the services provided by Title I Federal Grant to our eligible students. The purpose of offering these services is to ensure that all children have a fair, equal, and significant opportunity to obtain a high-quality education and reach, at a minimum, proficiency on challenging state academic achievement standards and state academic assessments. For additional information regarding the Title I program and its governing provisions, please visit <http://www2.ed.gov/programs/titleiparta/index.html>.

Teachers work with our instructional coach to obtain resources and professional development to inform their reading and math instruction. By examining data and student work, teachers form strategic small groups to enrich and remediate students as needed.
